We'd like to introduce you to a Chamber Program designed to enhance your business and your relationship with the Chamber and its member organizations:

THE CHAMBER OF COMMERCE AMBASSADOR PROGRAM

The Ambassadors are an energetic group of business leaders from member organizations who volunteer their time and skills to welcome, nurture, and strengthen Chamber and community relationships. The Ambassadors assist the Chamber by:

- Serving as a liaison between the membership and the Chamber board and staff
- Delivering membership information to Chamber organizations
- Educating members about new programs and benefits
- Meeting with members one-on-one to discuss suggestions for enhancing membership
- Assisting at Chamber events such Ribbon Cuttings, AM Buzz and Business After Hours
- Recruiting new chamber members

The program is an excellent way to accelerate networking within your business environment while giving back to the local community. Ambassadors enjoy training, team-building and networking opportunities during monthly meetings and Chamber events.

If you appreciate the value of building relationships within the business community and want to help develop a stronger Sanford while showcasing your own organization, we invite you to apply to become a Chamber Ambassador. Participation is limited and new ambassadors start in July each year.

If you would like to join or learn more about this motivated and fun group of business leaders, please contact us at via email at sgomez@growsanfordnc.com or by calling the Chamber at 919-774-8439.

Who We Are

We are a group of nearly 90 physicians in the Triangle who believe that healthcare can be done better, and we have set out on a mission to improve people's lives by simplifying the way they see a doctor. **RelyMD** provides you immediate, 24–7 access to a board-certified North Carolina doctor from the comfort of your home via a secure online video platform. We provide online doctor consultations to diagnose illnesses, evaluate injuries, and if needed, prescribe medications. We are more than a symptom checker or advice line. It's like having a doctor's office in your house—anytime you need it.

When to Use Us

RelyMD doesn't want to replace your family doctor. We're here to help with non-emergency medical conditions when the convenience and timeliness of seeing a doctor from your home is a priority. Many patients use **RelyMD** for:

- After-hours care when your doctor and urgent care facilities aren't open
- Prescription refills
- Determining if an illness requires prescription medication
- Peace of mind for parents with sick children (6 months or older) in the middle of the night
- Evaluating minor injuries and deciding next steps

What We Treat

RelyMD can treat many medical problems that are not medical emergencies. Common problems we treat include:

- abdominal cramps
- allergies
- arthritic pain
- mild asthma
- bronchitis
- cold and flu
- constipation
- diarrhea
- ear infection
- eye infections
- fever
- gout
- headache
- hemorrhoids
- insect bites
- joint aches and pains
- muscle pains and strains
- pink eye
- rashes
- respiratory infections
- sinus infection
- skin infections
- sore throat and
- vomiting

Thank You

RelyMD is owned and staffed by Wake Emergency Physicians, a Triangle-based practice of 89 board certified emergency medicine doctors who provide care to approximately 300,000 patients annually at hospitals throughout the region, including WakeMed Hospital. Many of our physicians trained at UNC, Duke, and other North Carolina-based hospitals. We are a well-respected, local group of doctors who started **RelyMD** because we are looking to deliver healthcare to North Carolinians in a convenient, secure and cost-effective manner.

We're excited to offer you the expertise we've gained from our years in the emergency room right to the convenience of your own home. Thanks for using **RelyMD** as we bring the doctor's house call into the 21st century.

What?

RelyMD is an online urgent care service making doctor's visits by video or phone available to North Carolina adults and children (6 months or older) in the comfort and convenience of their own homes. **RelyMD** is the only independently operated in-state telemedicine service in which care is provided by North Carolina-based physicians, each of whom is currently practicing emergency medicine.

Who?

RelyMD was developed and is staffed by Wake Emergency Physicians, PA, an established Raleigh-based practice of nearly 90 physicians and 49 physician assistants who currently provide hospital emergency room care.

Where?

RelyMD's online platform allows anyone in the state of North Carolina to see a doctor from the comfort and convenience of their home, 24 hours a day, 7 days a week.

How?

If visiting our doctors via your computer, go to www.relymd.com, and our platform will guide you through the steps to connect with a physician. If on-the-go, download our **free mobile app** and see our doctors through your smartphone or tablet!

Why?

With an average wait time of less than ten minutes and a cost of just \$10.00 for an appointment, **RelyMD** is a time and cost-effective alternative to long urgent care wait times and expensive emergency room bills.
